Student Policies

ABSENCE / TARDIES

- A. Personal Illness
- B. Illness or death in the immediate family
- C. Student's help is needed critically at home (not to exceed 10 days)
- D. Prearranged medical or dental appointments.
- E. For all reasons when the parents furnish an acceptable excuse and all work is completed ahead of time.

If your child will be staying home because of illness or will be arriving late to school, **please call** your school, to report their absence. This helps us know the whereabouts of your child and assures your child of a hot lunch. Parents will be called by 9:30 a.m. each time an absence of a child has not been reported. If a student is in school by 10:00 a.m., he/she is given credit for attending for the whole day. If he/she arrives by 12:00 p.m., they are given credit for 1/2 day attendance. A student must be at school until 1:30 p.m. to be given credit for a full day's attendance. Students will be excused from the instructional program for illness, accidents, school activities and funerals. All schoolwork associated with the loss of instructional time will be made up by the student. Parents may request that a student be excused from school for a reason other than those listed above and each case will be handled on an individual basis. Students are responsible for getting assignments and making up all instructional work that is missed. If a student knows in advance that he/she is going to be absent from school, we recommend that all schoolwork be completed in advance of being absent from school.

Students will be allowed one day of school time missed for each day that they were absent to make up work. Homework assigned prior to an absence is expected to be completed on time or when a student returns to school. Students who miss five consecutive days of school due to illness must secure a doctor's written authorization before returning to school. If a student has excessive absences, school officials will make the final determination as to student retention or promotion. Serious illnesses that result in extended periods of absence should be reported to school. Students who are infected with a contagious disease or health problems (chicken pox, pink eye, strep throat, head lice, etc.) may be required to furnish a doctor's written authorization to return to school.

Repeated tardiness will result in students making the time up after school or may receive other disciplinary action. Students who receive any tardies or leave school before 3:15 p.m. will not be eligible for perfect attendance recognition.

If you want your child to stay in the building for recess because of illness or not participate in P.E. class, we will certainly honor your written or telephone request for this accommodation.

Perfect Attendance - In order for a student to be considered for perfect attendance the following requirements must be met:

- A. Be in class on time every day
- B. Have no tardy - either excused or unexcused
- C. Have no early dismissals either excused or unexcused

Assignments- Students are responsible for getting assignments and making up all instructional work that is missed. If a student knows in advance he/she is going to be absent from school, we recommend that all schoolwork be completed in advance of being absent from school.

ACTIVITIES

After school activities are provided for students. Only students who are participating are allowed to remain after school for these activities. Brothers and sisters are asked to go home at the regular time. Students who do remain for these activities will follow the same rules of proper conduct as if school were in session. In order for a student to participate in a school-sponsored activity, the student must be present in school for at least a half a day.

AMERICANS WITH DISABILITIES ACT

The Northwest Community Schools is in full compliance with A.D.A. standards. We will not discriminate on the basis of disability in admission to, access to, or operation of its programs, services or activities. Individuals who need auxiliary aids for effective communication/participation in programs and or to access services of Northwest System are invited to make their needs and preferences known. Questions, concerns, complaints or requests regarding the American with Disabilities Act should be directed to the Principal or Superintendent of Schools.

ASBESTOS NOTICE

The Northwest Schools attendance centers have been inspected for the presence of asbestos. Licensed accredited inspectors perform the inspections. Complete asbestos inspection reports and management plans may be reviewed in the schools office.

ATHLETICS

Seventh and eighth grade students are eligible to participate in athletics. Our Middle Schools offer girls volleyball and basketball and boys are offered basketball in each of their own buildings. Northwest High School offers football, wrestling, and track for seventh and eighth grade boys and girls. Northwest High School sponsored athletics are conducted at the high school. Parents are responsible for transporting their son or daughter to and from practices and games. Students who participate in feeder school athletic programs need a physical examination that is current for that school year.

CHILD ABUSE / NEGLECT / EXCESSIVE ABSENTEEISM

The school administration is bound by State Law to report suspected cases of child abuse, child neglect and or excessive absenteeism to the appropriate authorities.

COMPLAINT PROCEDURE

Parents, patrons and or students who have concerns/complaints regarding any school employee or the school environment are encouraged to communicate their concern/complaint directly to the person or persons most directly involved. When a concern/complaint cannot be resolved informally, parents and or patrons may file formal written complaints by contacting the principal. The principal will give persons filing formal written complaints a copy of the school's complaint procedure and necessary reporting forms. All formal written complaints will be handled according to school board policy.

DESTRUCTION OR LOSS OF SCHOOL PROPERTY

Students who lose, deface or destroy school property will be required to make financial restitution and or be subject to disciplinary action (i.e., loss of library privileges, loss of extra-curricular eligibility).

Lockers are the property of the school. Any decorations may be done with the approval of the teacher or administration.

CHANGE OF ADDRESS, PHONE NUMBER OR EMPLOYMENT.

If your address, phone number or place of employment changes at any time during the school year, please notify the office immediately. It is important to keep student records up to date so we can make sure parents receive information mailed from school, and in case of an emergency, we are able to notify you without a delay.

DISCRIMINATION AGAINST STUDENTS

It is the policy of Northwest Schools not to discriminate on the basis of race, sex, color, national origin, or disability, in its educational programs, activities or employment as required by Title VI, Title IX, and section 504 of Federal Law. Students are protected from discrimination in the following areas: Admission to school, access to enrollment in courses, counseling and guidance materials, tests, and practices; physical education; competitive athletics, student rules, regulations and benefits, treatment as a married and or pregnant student, health services, school sponsored extra-curricular activities, and Sexual Harassment. Parents or students who believe they have been discriminated against may file a grievance with the principal and or contact appropriate State and or Federal authorities.

DRESS CODE - HYGIENE

Student attire and appearance should promote personal cleanliness, modesty, mannerly behavior and good character. Peer relations, student conduct and the educational atmosphere are all affected by student's dress and personal hygiene. The health, cleanliness, safety and educational environment of all students are of paramount importance to the school's learning environment. Shorts may be worn to school as long as they are in appropriate taste. Shorts with less than 3-inch inseam, frayed cutoffs, or tank tops are not appropriate for school wear.

It is the intent of the school that all students be free from threats or harmful influence of any groups that advocate drugs/alcohol, or disruptive behavior. The present of any apparel, jewelry, accessory, notebooks, or manner of grooming, which by nature of its color, arrangement, trademark, or any other attribute - denotes membership in such groups, is not permitted. Such group-related clothing may vary and may change from year to year; therefore it is the responsibility of the administration to determine the appropriateness of clothing or accessories.

No clothing will be considered appropriate for school that represents poor language or artwork, or advertises alcohol or tobacco products, or that distracts other students and/or negatively affects the learning climate.

A student with hair coloring that negatively affects the learning environment may be removed from the classroom for a length a time to be determined by the principal. (NW)

DRUG FREE SCHOOL AND CAMPUS POLICY

Emergency: Board policy relative to standards of student conduct pertaining to the unlawful possession, use or distribution of illicit drugs or alcohol on school premises or as a part of any of the school's activities.

It shall be the policy of the Northwest Public Schools in addition to standards of student conduct elsewhere adopted by board policy or administrative regulation to absolutely prohibit the unlawful possession, use, or distribution of illicit drugs or alcohol on school premises or as a part of any of the school's activities. This shall include unlawful possession, use, and distribution of illicit drugs and or alcohol by any student of the district during regular school hours or after school hours at school sponsored activities on school premises, and or at school sponsored activities off school premises.

Conduct prohibited at places and activities as here-in-above described shall include, but not be limited to, the following:

- Possession of any controlled substance, possession of which is prohibited by law.
- Possession of any prescription drug in an unlawful fashion.
- Possession of alcohol on school premises or as a part of any of the school's activities.
- Use or distribution of any illicit drug.
- Use of any drug in an unlawful fashion.
- Distribution of any drug or controlled substance when such distribution is unlawful.
- The possession, use or distribution of alcohol.

It shall further be the policy of the district that violation of any of the above prohibited acts will result in disciplinary sanctions being taken within the bounds of applicable law, up to and including short-term suspension, long-term suspension, expulsion, and referral to appropriate authorities for criminal prosecution. It shall be the policy of the Northwest Schools to provide information to all students concerning available drug and alcohol counseling, rehabilitation, and reentry programs. Information concerning such resources shall be presented to all of the students of the district. In the event of a disciplinary proceeding against any student for any district policy pertaining to the prohibition against the unlawful possession, use, or distribution of illicit drugs and alcohol, appropriate school personnel shall confer with any such students and his or her parent or parents or guardian concerning available drug and alcohol counseling, rehabilitation, and reentry programs that appropriate school personnel shall consider

to be of benefit to any such student and his or her parent or guardian. Northwest Schools shall not be responsible for any expenses incurred or services rendered in drug and alcohol counseling, rehabilitation and reentry programs.

ELECTRONIC DEVICES

Students are discouraged from bringing cell phones or other electronic devices including but not limited to ipod's or MP3 players to school, however, as they have become as much of a necessity in some cases and a luxury in others, we would like the following procedures to be followed:

1. If a student has a cell phone, it may be used for the sole purpose of making phone calls prior to entering the building in the morning and leaving the building at the end of the school day.
2. All electronic devices are to be turned off and out of sight during school hours.
3. Electronic device usage during school functions such as field trips sponsored by the Northwest School District is also prohibited without consent of the sponsor who will have the authority to give permission for such usage as an emergency situation warrants.
4. All electronic devices are subject to search by the administration upon the improper usage of such devices as described above.
 - First Offense will result in the student being relieved of the device.
 - Second Offense will result in a parent contact to pick the device up after school and a 30-minute detention for the student.
 - Third Offense will result in a parent contact to pick up the device up after school and the student will serve a one-hour detention.
 - Further improper usage could result in suspension or expulsion.

EMERGENCY SCHOOL CLOSING

When weather related circumstances require school to be canceled, start late or dismiss early, announcements will be made on radio station KRGI-1430 and TV Channels KOLN/TV – Lincoln (10/11), NTV (13), and KHAS-TV (5).

EXTRACURRICULAR ACTIVITIES (PARTICIPATION / ELIGIBILITY)

Participation in extracurricular activities affords students opportunities for personal growth and development that may not be experienced in a regular classroom setting. **STUDENTS MUST DEMONSTRATE THEIR ABILITY TO KEEP UP WITH THEIR REGULAR SCHOOL WORK BEFORE TAKING ON EXTRA ACTIVITIES WHICH COULD POSE A TIME MANAGEMENT PROBLEM.** Students are required to meet all regular classroom responsibilities when participating in extracurricular activities.

Guidelines for extracurricular activities have been established to promote responsible academic achievement and appropriate school citizenship: **Extracurricular activities include, but are not limited to participation in: volleyball, football, basketball, wrestling, cheerleading, track, vocal and band clinics, and all field trips. Exclusions to this policy are winter and spring music programs.**

1. Students who participate in extracurricular activities are ambassadors of both their school and community. Participants should dress appropriately and grooming should be neat and clean.
2. Students should abide by school policies as stated in this handbook when attending "home" and "away" school functions. Student's citizenship should serve as an appropriate model for younger students.
3. Each participant should be familiar with rules appropriate for the activity. Additional guidelines set down by coaches, sponsors, activity director etc., are to be followed by all participants.
4. Depending on the activity - proof of physical examination, insurance waiver, parent permission slip, deposit fee, etc., may be required before a student is allowed to participate.
5. Students must attend school at least half the day of a scheduled extracurricular activity to be able to participate in that day's practice, scrimmage, game, tournament, and/or contest involving other schools. The principal may make exceptions to this rule.
6. Students may become ineligible to participate in extracurricular activities because of classroom behavior and/or failing to abide by school policies as stated in this handbook. Students who become ineligible due to continual discipline problems will not be eligible to practice, play in games and/or

participate in any activity involving other schools. The principal will determine the length of time a student loses his/her eligibility due to discipline problems.

7. Teacher requests for a student to stay after school to make up academic work will take precedence over extracurricular practice and/or activities.
8. Students may not attend practice or participate in any extracurricular activity on the day or days the suspension is being served.
9. Students may become ineligible to compete in extracurricular activities due to their academic performance. This means students may participate in practices but may not compete in games, scrimmages, tournaments and/or contests while they are ineligible.

Students may become ineligible for any of the following academic reasons:

1. Grade average of "F" in any subject area. Teachers at their discretion may use a meritorious ability grading system. A meritorious grade is based on student ability, attitude, effort and work habits.
2. Incomplete class assignments.
3. Turning homework in late.

STUDENT NOTIFICATION OF INELIGIBILITY

Administrators and teachers will use the following procedures when a student's extracurricular eligibility is in question because of academic reasons.

The school will inform students that their eligibility is in jeopardy. This will be done by written notice. Students will have five days from receipt of this notice to take corrective action before being declared ineligible.

Eligibility is monitored weekly. Teachers submit names of students who have become ineligible to the principal. Students receive written notice of their ineligibility. This notice shall also inform students of the specific corrective action needed to regain their eligibility.

The Principal will inform students, parents, coaches, and sponsors that loss of eligibility has occurred. Parents receive a copy of the ineligibility notice that was issued to their son or daughter.

A student remains ineligible until reinstated by the principal who issued the ineligibility notice.

Students who regain their eligibility because of academic improvement shall be given subsequent "Five Day Notices" before losing their eligibility again.

FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT (FERPA)

This affords parents and students over 18 years of age ("eligible students") certain rights with respect to the student's education records. These rights are:

1. The right to inspect and review the student's education records within 45 days of the day the school receives a request. Parents or eligible students should submit to the school principal a written request that identifies the record(s) they wish to inspect. The school official will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.
2. The right to request the amendment of the student's education records that the parent or eligible student believes are inaccurate. Parents or eligible students may ask the school to amend a record that they believe is inaccurate. They should write the school principal, clearly identify the part of the record as requested by the parent or eligible student, the school will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.
3. The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent the FERPA authorizes disclosure without consent. One

exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official is a person employed by the school as an administrator, supervisor, instructor, or support staff member (including health, medical, and law enforcement personnel); a person serving on the school board; a person or company with who the school has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate education interest if the official needs to review an education record in order to fulfill his or her professional responsibility. Upon request, the school discloses education records without consent to officials of another school district in which a student seeks or intends to enroll. [NOTE: FERPA requires a school district to make a reasonable attempt to notify the parent or student of the records request unless it states in its annual notification that it intends to forward records on request.]

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the School District to comply with the requirements of FERPA. The name and address of the Office that administers FERAP is:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW
Washington, DC 20202-4605

FIELD TRIPS / ASSEMBLY PROGRAMS / CLASS PARTIES

Class parties, field trips, special projects and other enrichment activities are **privileges** that students earn by being responsible for their school work and citizenship. Students who are behind in their studies or are being disciplined because of inappropriate behavior may be excluded from enrichment activities.

FIRE AND TORNADO DRILLS

The school conducts emergency response and evacuation drills. Civil defense and tornado shelter areas are designated for each grade.

FIREARMS AND WEAPONS

All weapons are prohibited from school property. Individuals are forbidden to possess, handle, transmit or use any dangerous instrument in school, on school grounds or at school functions that is a weapon, which in appearance is intended to stimulate that of a weapon, or is determined to be illegal or dangerous. This ban shall include, but is not limited to, the following items: Firearms or part of firearms, starter pistols, BB, pellet, or air guns, crossbows, knives (including pocket knives), knuckles, lead pipes, laser pointers, chuck sticks, throwing darts, darts, blackjacks, clubs of any kind, chains, fireworks, dangerous chemicals, unauthorized tools (razors, x-acto knives, etc.), any explosive device or ammunition, or any item that is intended to be used as a weapon or endangers the health, safety and or well being of other people.

No weapons shall be brought onto or into school property without prior permission from the principal. This ban includes antiques, souvenirs, historical and other such artifacts, including property or dramatic productions, except those needed by duly sworn officer of the law.

Any student found to have brought a firearm onto school property shall be expelled for one year except when the chief administering officer may modify such expulsion on a case by case basis. Violation of the District's Firearms and Weapons Policy in any other manner shall result in a suspension from school, which may be extended to expulsion from school after a legal hearing. Parents should monitor what their child brings to school. Students are discouraged from bringing toy guns to school due to the fact that many guns simulate (look like) real weapons.

Administrative and teaching personnel are statutorily authorized, without a warrant, to confiscate any firearm and dangerous object possessed in violation of this policy. By statute, any firearm which is confiscated by school personnel shall be delivered to a peace officer as soon as possible. Such firearms

are subject to being destroyed by law enforcement officials. All school personnel are required to report any violation of this policy to the principal.

Violation by non-school persons may result in a complaint being filed with local or county law enforcement officials as current Nebraska State Statute allows for the confiscation of firearms on school property, under most circumstances. Further, nothing in this policy shall be construed to require school action when a firearm is lawfully possessed by a person and the firearm is contained within a private vehicle operated by a non-student adult, which is not loaded and is encased or is in a locked firearm rack that is in a motor vehicle. Definition of encased - the term encased shall mean enclosed in a case that is expressly made for the purpose of containing a firearm and that is completely zipped, snapped, buckled, tied or otherwise fastened with no part of the firearm exposed.

GIFTS

Gifts to school personnel, including teachers, are not encouraged.

GUIDANCE

Guidance services are available for students. These services include assistance with educational planning, interpretation of test scores, study helps, and help with home, school, or social concerns.

GUM CHEWING

As a general rule, gum chewing is not allowed at school. This rule is not based on any desire to inhibit student rights. It is based solely upon our desire to keep the furniture and school facility free from discarded gum and support a healthy atmosphere.

GYM BAGS AND BOOK BAGS

Students are to keep gym bags and book bags in their lockers during the day. Students may access their lockers between class periods to retrieve materials needed for their next class period.

HEALTH RELATED ISSUES

Asthma Protocol

A new state regulation became effective on October 1, 2003. This regulation requires that our school (or early childhood education program) be prepared to implement an emergency treatment plan, called a protocol, anytime a student or staff member experiences a life threatening asthma attack or systemic allergic reaction (anaphylaxis). Our school will be ready to implement the protocol in emergency situations for the 2006-2007 school year.

The protocol requires that 911 is called first. After that call is made, an EpiPen injection will be given and then albuterol is provided through a nebulizer. An EpiPen is a small pre-filled, automatic injection device that resembles a highlighter. It is used to deliver epinephrine. Epinephrine is a medication that is used to bring quick relief by improving breathing and lung function. Albuterol is another medication that is used to bring breathing relief (commonly found in metered-dose inhalers). The nebulizer is a machine that mixes the Albuterol with air to provide a fine mist for breathing in through a mask or mouthpiece.

The protocol steps are designed to provide quick, effective care in order to prevent death from occurring due to a severe asthma attack or anaphylaxis. Staff members have been trained to recognize signs and symptoms of a life-threatening "breathing" emergency and to properly administer the medications. The protocol is a standing medical order that has been signed by local doctors.

If you know that your student has asthma or a known allergy, it is critically important that you communicate this information to our school staff. For each student with a known allergic condition of asthma, you must provide the school with (1) written medical documentation, (2) instructions, and (3) medications as directed by a physician. In the event that your student experiences a life threatening asthma attack or systemic allergic reaction, we will defer to the specific documents and medication that you have provided. If you do not have medical documentation and instructions on file with the school for your student we will defer to the regulatory protocol described above. If, for whatever reason, you do not

want your student to receive the life-saving emergency treatment under the protocol, you must file your written objection with the school.

If you have questions or concerns about the protocol or your students' health issues, please contact the school.

ILLNESS DURING SCHOOL HOURS

In case of illness during school hours the school will notify parents or persons listed on the emergency procedure card. Telephone numbers for work, relatives, baby-sitters, neighbors, etc., should be listed on the emergency card. In the event of an accident while a child is at school, the school will follow parent directions listed on the emergency procedure card. Parents/guardians will be called immediately. If parents or guardians or other emergency numbers listed by them cannot be reached, the school will call a doctor or an emergency medical unit as prescribed by parents on their child's emergency procedure card.

IMMUNIZATIONS

Nebraska State Law requires all students (except those with appropriate medical or religious waivers) to be immunized for measles, rubella, mumps, polio-myelitis, diphtheria, tetanus, pertussis, and Hepatitis B prior to admission to school. State Law also states that immunizations shall not be required for a student enrolling in any school in this state if he or she submits to the following:

A statement signed by a physician, stating that in the physician's opinion the immunization required would be injurious to the health and well being of the student or any member of the student's family.

An affidavit signed by the student or if he or she is a minor, by a legally authorized representative of the student, stating that the immunization conflicts with the tenets and practice of a recognized religious denomination of which the student is an adherent member or that immunization conflicts with the personal and sincerely followed religious beliefs of the student.

ALL STUDENTS ENTERING SCHOOL MUST PROVIDE PROOF OF IMMUNIZATION OR MEDICAL / RELIGIOUS WAIVERS PRIOR TO BEING ADMITTED.

Medical and religious waiver forms are available in the school office. Immunizations can be obtained through the Merrick County Health Department (308) 946-3103 and the Hall County Health Department (308) 385-5175 or your family physician.

MEDICATION

If your child is taking medication of any kind, the school office and classroom teacher MUST be notified, in writing. This medication will be dispensed only by the administrator or school secretary, in the school office. The school, by law, can not give medicine (including aspirin) to students without written parental consent. Medicine that is brought to school must be in its **original** container and will be kept in the office. Parental consent forms for dispensing medicine to students are available in the school office. Students who become ill at school will be made as comfortable as possible while waiting to be picked up. It is extremely important for the school office to have emergency telephone numbers so we may report student illness.

PHYSICAL EXAMINATIONS

Nebraska State Law requires students to receive a physical examination when they enter kindergarten and seventh grade. Parents/guardians who object to this physical examination requirement may sign a waiver.

CONTROL OF COMMUNICABLE DISEASE

The policies for the control of communicable disease are for the protection of the infected student as well as the protection of other students and staff.

A. Students with the following will be sent home.

1. Temperature at/over 100 degrees.
2. Vomiting or diarrhea.

3. Sore throat accompanied by elevated temperature and/or visible pus.
 4. Earache accompanied by discharge or elevated temperature.
 5. If the child is feeling uncomfortable and unwell to the extent that the child is unable to accomplish normal school activities.
- B. Students with the following diseases need a physician's written permission to return to school: Hepatitis, Rheumatic Fever, Mononucleosis and HIV.
 - C. Students with the following diseases must have treatment for 24 hours before returning to school: Strep Throat, Pink Eye, Impetigo, Ringworm and Scabies.
 - D. Students with Chicken Pox may return to school 7 days after onset. They must be scabbed over and have no infected pox. They should be inspected by a school official.
 - E. Student with lice may be readmitted to school following treatment and the removal of all nits. They will be inspected by a school official.
 - F. Students with Fifth's Disease will be excluded from school only if they have an elevated temperature or are experiencing malaise.
 - G. The physician, parents of the student, school nurse and school administration will meet to determine the most appropriate educational setting for the student/staff with HIV or AIDS.
 - H. It is the responsibility of school staff to report their diagnosis of a communicable disease to the district. In addition, failure to release information can result in automatic dismissal. Anytime a communicable disease is reported at school, parent/guardians will be notified.
 - I. Other communicable diseases will be handled as recommended by the Nebraska Department of Health.

POLICY CONCERNING AIDS:

Guidelines for Persons with AIDS. It is the goal of the school for all infected persons to be able to attend school and participate in an unrestricted setting so long as such participation would be reasonable. However, exceptions will be made for preschool age children and persons with neurological impairments resulting in the lack of control over body secretions, displays of behavior such as biting, or person having oozing lesions.

For the protection of the AIDS infected child and the other children in the district, it is the responsibility of the parent/guardian to inform the district of the positive HIV diagnosis of a district student.

These guidelines apply to all persons known to be infected with the AIDS (Acquired Immune Deficiency Syndrome) virus. This includes persons with AIDS Related Complex (ARC) or Human Immunodeficiency Virus (HIV) infection.

These persons shall be referred to as AIDS infected persons in the following guidelines:

1. A team approach should be used to determine the most appropriate educational setting for said persons. Team members should include said person's physician, said person's parent/guardian if a minor child, public health personnel, school district's medical advisor, school health personnel, school administration, school board representative, faculty, and any other staff that would be affected by the decisions.
2. This team will make the following decisions:
 - A. Regarding attendance: The administrator of each school can recommend temporary exclusion until the team has met. The school will provide homebound instruction as appropriate.
 - B. Restriction of school environment.
 - C. The extent of interaction of others in the school setting.
 - D. Use of preventative measures needed to protect both the AIDS infected person and/or school personnel/students.
 - E. Who will be the spokes person for them.
3. AIDS infected persons who are attending school and participating in school activities shall be required to report to a school officer on a regular basis as determined by the school district's medical advisor.

This is to protect the AIDS infected child from other infections because of his/her decreased immune status.

4. Instruction should be provided for those coming in contact with the AIDS infected person. This will include thorough hand washing after exposure to blood and body fluids and before caring for another person. Gloves should be worn if the staff member has open lesions. Any open lesions on the AIDS infected person should be covered. Soiled surfaces should be promptly cleaned with disinfectants, such as household bleach (diluted one part bleach to ten parts water). Disposable towels and tissues should be used whenever possible, and mops should be rinsed in the disinfectant.
5. The AIDS infected person's right to privacy should be preserved by staff member involved in the care and education of said person. The school district will develop routine procedures for staff contact with AIDS infected persons, confidentiality of records, and information released to parents, students, and school employees.
6. Efforts will be made to inform parents, students, school personnel, and district patrons about AIDS and its transmission.

HEALTH SERVICES

Health services are provided to students at school through the Central District Health Department or by the Northwest High School nurse. The services that are provided are evaluations of immunizations information, dental screening, vision screening and hearing screening. Height and weight are recorded on all students. Health education is provided to classrooms requesting this service.

The school nurse (from the CDHD) is our contact for communicable disease control. She serves as a consultation for first aid policies. The school nurse provides instruction to appropriate age classes regarding adolescent changes, AIDS and sexually transmitted diseases. Parents will be notified when instruction is given. Parents are encouraged to attend the instruction.

HONOR ROLL

Students in grades 6-8 will be awarded academic honor roll recognition if they receive a grade of 'B' or better in every subject.

LEAVING SCHOOL BEFORE DISMISSAL TIME

Any student leaving school before dismissal time must notify the office before they leave the building. This is true even if they are going to the doctor, etc. We are responsible for the student, and thus we need to have a record of his attendance. This is very important in cases of emergency or disaster.

LOST MAY BE FOUND

We always have quite a collection of coats, hats, gloves, mittens, etc., during the school year. It is so much easier for us to track down lost belongings if there is a name attached to the article. We know this takes time for you, but we know from experience that articles of clothing and belongings have fewer tendencies to become "lost" if a means of identification is located on the items.

LUNCH PROGRAM

Cedar Hollow School operates a hot lunch program. Services are available to all children without regard to race, sex, color, handicap, age or national origin. Meal prices are set annually. Meal prices are approved by the Board of Education and Federal Government. Checks should be made payable to Northwest Public Schools. ***All meals must be prepaid.*** Parents whose children have special dietary needs should contact the school.

Free and reduced price meals are available through the Federal School Hot Lunch Program for children whose parents qualify according to household income guidelines. Guidelines and application forms are available in the school office. Applications for free or reduced price meals may be made any time during the school year. Applicants for free and reduced price meals are required to document their household income.

Weekly or monthly lunch menus are sent home with students. Students who bring sack lunches may purchase milk at school. Students should keep their sack lunches in their locker.

Pop/soda is not allowed in the lunchroom during the noon lunch period. Parents wishing to eat with their child must notify the school in advance. Parents are required to pay the adult price.

LUNCH ROOM EXPECTATIONS

1. Stand in the lunch line quietly and keep your hands to yourself.
2. Talk quietly to the person next to you.
3. Stay in your own space. Keep your hands to yourself and your feet under your table.
4. Raise your hand to receive permission to leave the table.
5. Leave the place at and around you neat when you finish.
6. Do not throw or play around with your food.
7. Respect the lunch room supervisors and cooks.

Students are prohibited from leaving the school grounds during their noon lunch periods unless they have written permission from their parents to walk home to their own homes for lunch or unless they are being picked up by their own parents. For reasons of safety parents who want their child/children to walk home for lunch need to call the school on the days their child/children will be walking home for lunch. Parents who wish to give their child/children unlimited permission to go home for lunch may do so by signing a "home lunch" permission slip.

The school disclaims any responsibility and or liability for accidents and or injuries that occur to students while they are off school grounds during noon lunch periods. The school also disclaims responsibility for ensuring students go to their own homes when they leave school during lunch periods.

A parent or guardian must be present when live animals are brought to school. The teacher or principal will determine when animals are brought to school and how long the animals will be in the building. Animals found loose on the playground will be reported to the proper authorities.

PRIVATE PARTY INVITATIONS

It is the policy of Cedar Hollow School to allow students while at school to give out invitations to private parties **only** if every boy and girl in the class is invited to the party. The school recognizes that when one student does not receive an invitation and others do, that exclusion can be very hurtful and this situation should be avoided while at school.
