

NORTHWEST EDUCATIONAL FOUNDATION

Classroom Mini-Grants

Applicants: Certified Educators/Administrators

2019-2020

The Northwest Educational Foundation is pleased to offer the 2019-2020 annual **Classroom Mini-Grants**. Classroom Mini-Grants are open to Northwest Public Schools Employees that are Certified Educators. Mini-grants are designed to fund educational opportunities for students that are not available through the school district's general budget. Grant awards range up to \$500.

Examples of requests that will be considered for the award of a mini-grant are:

- Educational field trips
- Guest speakers
- Classroom projects requiring out of the ordinary supplies
- Educational software for student use

Grants will not be awarded for:

- Stipends
- T-shirts
- Food
- Items typically purchased by the Northwest Public Schools District

When an application for a mini-grant is being considered, the selection committee looks favorably upon cooperative grants, while still being concerned with equity. If you are unsure if your project will qualify for a mini-grant, please speak with your building administrator.

A grant selection committee, made up of Northwest Educational Foundation Board Members, will review all applications. Completed grant applications are due **JULY 1, 2019**. Grants will be announced in early August.

Please fill out the mini-grant application completely. **Include a brief description of your project, the impact the project will have on students, and the outcome you wish to achieve.** Also, please include your building Principal's signature.

Grant applications may be turned in to the Northwest District Business Office, sent by mail or emailed to:
