

## Microsoft Office Specialist (MOS) Certifications

Northwest Students can earn Microsoft Office Specialist (MOS) Certifications in Word, PowerPoint, Excel, and/or Access in Info Tech I and Info Tech II classes! MOS Certification sure looks GREAT on a resume and scholarship applications and can help when registering for college classes too!

To get MOS Certified, students demonstrate their knowledge of the designated Microsoft Office program by passing a 50-minute hands-on, skills test.

Several Info Tech I students earning their MOS Certifications

If interested in getting MOS Certified and taking Info Tech I/II, students may contact Mrs. Cooper or their counselor, Mr. Manhart or Mrs. Merritt, at Northwest.
