## ARTICLE 1: MISSION AND PURPOSE OF HANDBOOK

### Section 1: MISSION STATEMENT

Northwest Public Schools, A Culture of Excellence

An exceptional community of learners committed to continuous growth.

### Section 2: NORTHWEST PUBLIC SCHOOL BELIEF STATEMENTS

1. We believe in modeling and teaching the qualities of good character.
2. We believe student learning is the chief priority and the primary focus of all school-based decisions.
3. We believe that raising student achievement requires a collaborative effort.
4. We believe that we need to teach problem solving skills necessary for students to become independent, productive, responsible citizens.
5. We believe curriculum, differentiated instruction, and assessment should meet the needs of all learners.
6. We believe lifelong learning is a process shared by students, teachers, administrators, parents and community.
7. We believe in helping students discover their aptitudes and talents as they work towards maximizing potential.
8. We believe every individual has the right to a safe, secure, and positive educational environment.
9. We believe students learn best when engaged, challenged, and respected.

### Section 3: WELCOME TO NORTHWEST

The Administration, faculty, and staff welcome you to another school year. Our philosophy is to accept each of you at your level of maturity, capacity and achievement and to help you acquire the skills and knowledge which will enable you to provide for your own needs and to share in providing for the needs of others. You are urged to define your goals, plan a course of action, and concentrate your efforts on achieving the maximum benefits from your high school experience.

We encourage you to refer to and become familiar with this student handbook. It has been approved by the Board of Education, School District #82. Please remember that as a citizen of this school, you are expected to follow rules and regulations that have been established for the welfare of the entire student body.

### Section 4: PURPOSE OF THE STUDENT HANDBOOK

Northwest High School recognizes that differences, disputes and conflicts among students and between students and staff members may occur. The school also recognizes that individual student rights and responsibilities must be clearly defined so that an orderly process for discussing and resolving these differences may be established. All students have the right to be respected as individuals, to receive the benefit of all school services, to attend a school which is clean, comfortable, safe, and adequately equipped, to have a framework for student government which indicates areas of student involvement, to express him or herself so long as the rights of others are not violated in the process, to have access to printed copies of school regulations, and to expect rules to be reasonable and consistently applied. Students are responsible for knowing and complying with school rules, for respecting and submitting to the authority of school staff, for applying themselves to the best of their ability to learning tasks assigned, for attending school regularly and punctually, for using school facilities in a way which conserves their continued usefulness. A positive school climate is dependent on the attitude, effort and success of each individual student. This handbook is designed as a guide for promoting greater understanding and cooperation among students, faculty and staff, and to provide a positive educational environment.

### Section 2: ADVISEMENT/INTERVENTION PERIOD

Intervention will run Monday, Tuesday, and Thursday, unless there is an early dismissal or a late start. Intervention is a period in which teachers can reteach concepts students are struggling with. It is also a period in which retakes and other make up assignments can be done. Friday will serve as an advisement period, which will be used in a variety of ways, such as character building lessons. Students and staff may still use Friday for intervention as well.

### Section 3: STUDENT PERSONAL PROPERTY

Gym bags may be brought into the school building, but are prohibited in classrooms. Backpacks may be brought into the classroom provided that they are not a distraction or a disturbance. **Students should bring a minimum amount of money to school.** Students may also check their valuables into the Central Office, P.E., and Coaches Offices. Students are encouraged to put locks on their hall lockers and are required to place locks on their P.E. lockers. Northwest High School disclaims any responsibility or liability for students' personal property that is lost, stolen or damaged at school.

### Section 4: STUDENT HALL LOCKERS

Students at Northwest High School are assigned an individual hall and or P.E. locker at the beginning of each year. Students should keep their books and school supplies in their individual hall locker and **NOT in the P.E. locker.** PE LOCKERS ARE FOR STUDENT PE CLOTHES AND ATHLETICS. Students assume full responsibility for items stored in their lockers as well as the general physical condition of the locker. Students are not to tape, glue, etc. anything to the inside or outside of their lockers. Students may put locks on their lockers provided they (students) give the Central Office a key or combination to the lock. All lockers assigned to students are property of Northwest High School and are subject to periodic inspection and or search. Locker searches are only conducted when a reasonable cause or purpose exists. Northwest High School annually conducts unannounced locker inspections in conjunction with law enforcement agencies and drug dogs.

### Section 5: RESPECT FOR PERSONS AND PROPERTY

Students are expected to exhibit responsibility by showing respect for persons and property. Students also have responsibility neither to take nor damage the property of other students, school personnel or the District.

### Section 6: VISITORS

All visitors are required to register in the Central Office and obtain a visitor's pass. Students from other high schools must be accompanied by a parent or guardian.

### Section 7: ILL AND OR INJURED STUDENTS

Students who become ill or experience an injury at school should report to the school nurse's office. ## Section 3: EXCESSIVE ABSENTEEISM

Excessive absenteeism refers to any student that is absent 5 days or more per quarter. Such absences shall be determined on a per class basis. Northwest may use excused and unexcused absences to calculate this total. The following procedures will act as a guide for Northwest to address excessive absenteeism.

2. One or more meetings between the school (school administrator/designee, and/or school counselor and/or social worker), the student, the student's parent/guardian when appropriate to address the barriers to attendance. The school will notify the student's family in writing prior to referring the child to the county attorney.
5. **At ten (10) or more absences during any semester a letter will be sent home informing the student and his/her parents/guardians of the revocation of credits per Board of Education Policy. Students who miss 20 or more minutes of class due to tardiness will be recorded as absent for that period and not tardy. If students are tardy to 1st period (after 8:10 AM) they should report to the Central Office to receive a Tardy Pass. Students who are tardy to any class due to a conference with a faculty member will be responsible for getting a pass from that faculty member prior to going to their next class.

The consequences for violating the tardy policy are as follows:

**Tardies reset to 0 at the beginning of a new semester.**

## Section 6: MAKEUP WORK

The administration reserves the right to make all decisions in extreme or unusual circumstances regarding the ability of a student to participate in an activity. Students who miss a class because of their participation in school activities will be required to submit their assignment as requested by their teacher following the activity. Failure to turn in the assignment may result in a reduction of the student's grade for the day missed.

Northwest High School provides transportation to and from activities. All members of an activity will travel to, and return from, an activity on school provided transportation. Students may ride home from a school activity with their parents by having a parent sign the release form, which the coach will have at events. Board Policy relative to Drug and Alcohol Education and Prevention Program of the District Pursuant to P. L. 101-226 and 34 C.F.R., Part .86. It shall be the policy of the Northwest High School Hall County School District No. 82 to provide age appropriate, developmentally based drug and alcohol education and prevention programs for all students of the school. It shall be the policy of the district to require instruction at each grade level concerning the adverse effects resulting from the use of illicit drugs and alcohol. Such instruction shall be designed by affected classroom teachers or as otherwise directed by the board to be appropriate to the age of the student exposed to such instruction. Such instruction should be described in any curriculum guides of the district and should have as one of its primary objectives preventing the use of illicit drugs and alcohol by such students. It shall further be the policy of the district to encourage the use of outside resource personnel such as law enforcement officers, medical personnel, and experts on the subject of drug and alcohol abuse, so that its economic, social, educational, and physiological consequences may be made known to the students of the district.

It shall further be the policy of the district through the instruction earlier herein referred to as well as by information and consistent enforcement of the board's policy pertaining to student conduct as it relates to the use of illicit drugs and the unlawful possession and use of alcohol, that drug and alcohol abuse is wrong and is harmful to both the student and district, and its educational programs.

### Section 2: TOBACCO/ALCOHOL AND OTHER DRUGS

As a participant in Toward a Drug Free Nebraska Program, certain training levels and standards are present in the District's policies. A comprehensive, age-appropriate, developmentally based, alcohol and other drug education and prevention program for all students in all grades is in place. The education and prevention program includes information on the legal, social, and health consequences of alcohol and other drug use. The program includes teaching students effective techniques for resisting peer pressure to use alcohol and other drugs.

The District takes the position that the use of illicit drugs and the unlawful possession and use of alcohol is illegal and harmful. This policy will be revised biennially to 1) determine program effectiveness and implement any necessary changes, and 2) to ensure that the policy sanctions are consistently enforced.

Any Northwest High School student who is found to be in violation of school policy, relating to the possession (including "under the influence") use, sale, manufacture or distribution of alcohol, tobacco (including but not limited to cigarettes, cigars, and chewing tobacco), controlled substances, Vapor Products, Alternative Nicotine Products or "Look-Alike" Products intended to replicate tobacco products either by appearance or effect on school property, at school sanctioned activities, (either on Northwest High School property or at other community sites), or when being transported in vehicles dispatched by the school district may face notification of legal authorities. **Section 4: MANDATORY DRUG TESTING POLICY**

**MISSION STATEMENT**

The Board of Education for Northwest Public Schools values students' participation in extracurricular activities. Such students, as role models for other students, are a key to our goal to provide the best possible educational program for our students. To achieve our goal and to maximize the skills and talents of our students, it is important that each student understands the dangers of drug and alcohol use.

Participation in extracurricular activities is a privilege which can be taken away for failure to comply with this policy. The purpose of this policy is as follows:

- 1) To provide for the health and safety of all students;
- 2) To undermine the effects of peer pressure by providing legitimate reason for students to refuse use of illegal drugs and/or alcohol;
- 3) To identify students who use illegal drugs and/or alcohol; and
- 4) To encourage students who use illegal drugs and/or alcohol to participate in appropriate treatment programs.

For complete details regarding the Mandatory Drug Testing Policy please refer to the Activities Handbook.

**Section 5: DRUG AND ALCOHOL REHABILITATION RESOURCES**

A list of drug and alcohol treatment services within a one hundred mile radius of Grand Island is available to parents and students in the school's Central Office.

**ARTICLE 7: STUDENT CONDUCT, EXPECTATIONS, RULES AND REGULATIONS**

**Section 1: STUDENT DISCIPLINE POLICY**

Northwest High School strives to develop and maintain a system of uniform discipline that encourages the positive development of a student's self-concept and his or her ability to exercise self-control. The discipline which may be imposed includes actions which are determined to be reasonably necessary to aid the student, to further school purposes, or to prevent interference with the educational process, such as (without limitation) counseling and warning students, parent contacts and parent conferences, rearrangement of schedules, requirements that a student remain in school after regular hours to do additional work, restriction of extracurricular activity, or requirements that a student receive counseling upon written consent of the parent or guardian, or in-school suspension. The discipline may also include out-of-school suspension (short-term or long-term) and expulsion. When a student is suspended or expelled, the student shall not be permitted on school grounds without specific administrator approval. The Northwest High School student discipline code is based on applicable Federal & State Law.

## Section 2: SHORT-TERM SUSPENSION

Students may be excluded by the principal or designee from school or any school function for a period of up to five (5) school days (short-term suspension) on the following grounds:

- (1) Conduct constituting grounds for expulsion as hereinafter set forth; or
- (2) Other violations of rules and standards of behavior adopted by the Board of Education or the administrative or teaching staff of the school, which occur on or off school grounds, if such conduct interferes with school purposes or there is a nexus between such conduct and school.

## Section 3: LONG TERM SUSPENSION

Students may be excluded by the principal or designee from school or any school function for a period of six (6) school days but less than twenty (20) school days (long-term suspension) for conduct constituting grounds for expulsion as hereinafter set forth. The process for long-term suspension is hereinafter set forth.

## Section 4: EMERGENCY EXCLUSION

Any student may be excluded from school in the following circumstances:

- a. If the student has a dangerous communicable disease through normal school poses an imminent threat and health and safety of the school community; or
- b. If the student's conduct presents a clear threat to the physical safety of himself, herself, or others, or is so extremely disruptive as to make temporary removal necessary to preserve the rights of other students to pursue an education.

Any emergency exclusion shall be based upon a clear factual situation warranting it and shall last no longer than is necessary to avoid the dangers hereinbefore described in this subsection. The process for emergency exclusion is hereinafter set forth.

## Section 5: EXPULSION

**Defined.** Expulsion shall mean exclusion from attendance in all schools, grounds and activities of or within the system for a period not to exceed the remainder of the semester in which it took effect unless the misconduct occurred (a) within ten (10) school days prior to the end of the first semester, in which case the expulsion shall remain in effect through the second semester, or (b) within ten (10) school days prior to the end of the second semester, in which case the expulsion shall remain in effect for summer school and the first semester of the following school year, or (c) unless the expulsion is for conduct specified in the paragraph below identified, "**Students Subject to Juvenile or Court Probation**", in which case the expulsion shall remain in effect for the period specified therein. Such action may be modified or terminated by the school district at any time during the expulsion period.

**Summer Review.** Any expulsion that will remain in effect during the first semester of the following school year shall be automatically scheduled for review before the beginning of the school year. The review shall be conducted by the hearing officer who conducted the initial expulsion hearing, or a hearing officer appointed by the Superintendent in the event no hearing was previously held or the initial hearing officer is no longer available or willing to serve, after the hearing officer has given notice of the review to the student and the student's parent or guardian. This review shall be limited to newly discovered evidence or evidence of changes in the student's circumstances occurring since the original hearing. This review may lead to a recommendation by the hearing officer that the student be readmitted for the upcoming school year. If the board of education or a committee of the board took the final action to expel the student, the student may be readmitted only by action of the board. Otherwise the student may be readmitted by action of the superintendent.

**Suspension of Enforcement.** Enforcement of an expulsion action may be suspended (i.e., "stayed") for a period of not more than one (1) full semester in addition to the balance of the semester in which the expulsion takes effect, and as a condition of such suspended action, the student may be assigned to a school, class, or program which the school district deems appropriate for rehabilitation of the student. In lieu of other authorized educational programs to which the student may be assigned, such school, class, or program may be offered as a community-centered classroom and may include experiences for the student as an observer or aide in governmental functions, as an on-the-job trainee, and as a participant in specialized tutorial experiences or individually prescribed educational and counseling programs. Such programs shall include an individualized learning program to enable the student to continue academic work for credit toward graduation. At the conclusion of the designated period: (1) if the student has satisfactorily participated in the school, class, or program to which such student has been assigned the student shall be reinstated and permitted to return to the school of former attendance or to attend other programs offered by the district, and action to expunge the record of the expulsion action may be taken at the discretion of the superintendent or designee, or (2) if the student's conduct has been unsatisfactory, the expulsion action shall be enforced. The determination of whether the student's participation and conduct has been satisfactory or not shall be made by the superintendent or designee.

**Students Subject to Juvenile or Court Probation.** Prior to the readmission to school of any student who is less than nineteen (19) years of age and who is subject to the supervision of a juvenile probation officer or an adult probation officer pursuant to the order of the District Court, County Court, or Juvenile Court, who chooses to meet conditions of probation by attending school, and who has previously been expelled from school, the superintendent or designee shall meet with the student's probation officer and assist in developing conditions of probation that will provide specific guidelines for behavior and consequences for misbehavior at school (including conduct on school grounds and conduct during an educational function or event off school grounds) as well as educational objectives that must be achieved. If the guidelines, consequences, and objectives are agreed to by the probation officer and the student, and the court permits the student to return to school under the agreed to conditions, the student may be permitted to return to school. The student shall, upon such return, be screened by the school for possible disabilities and, if the screening so indicates, be referred for evaluation for possible placement in a special education program. The student may be expelled or otherwise disciplined for subsequent conduct as provided in Board policy and state statute.

## **Section 6: DETENTIONS**

Students who are assigned a detention by a teacher will serve the time with the teacher at an agreed upon time. If the student fails to show up for the detention at the agreed upon time, the teacher will call home to set up a time for the student to serve. If the student fails to show up at that time, the detention will be handed over to an administrator and the time will double. The only exclusion are cell phone detentions, which are served in the central office.

## **Section 7: SPECIAL EDUCATION – DISCIPLINE ACTIONS FOR SPECIAL EDUCATION STUDENTS**

Disciplinary action and or sanctions for Special Education Students shall be in accordance with School District Policy 5410.

## **Section 8: USE OF CORPORAL PUNISHMENT**

Corporal punishment is not to be used as a form of discipline. Physical force may be used against a student only for the following reasons, and in all events only such force as is reasonably necessary may be used:

1. Protection of the staff member;
2. Protection of other students or property from the student;
3. Removal of the student from a situation that endangers the student, other persons, or property.

## **Section 9: NORTHWEST HIGH SCHOOL PROGRESSIVE DISCIPLINE PLAN**

Northwest's discipline plan is designed to be progressive in nature. Students who are repeatedly referred to the principal's office for additional disciplinary measures will be disciplined according to the charts listed below. The initial responsibility for the disciplining of a student, who is disobedient or disrespectful in class, is the classroom teacher. Each time a student is disciplined by either of the principals he/she will receive a specific number of points. Any points received shall be cumulative throughout the school year. Accumulation of 100 or more points in any category or combination thereof, throughout the school year, will result in recommendation to the Board of Education for expulsion from Northwest Public Schools.

**Section 12: SEXUAL ASSAULT, USE OF FORCE AND FIREARMS**

In addition a student may be suspended (short-term or long-term), expelled, or mandatorily reassigned for sexual assault or attempted sexual assault of any person regardless of the time or location of the offense if a complaint alleging such conduct is filed in a court of competent jurisdiction. For purposes of this provision sexual assault means sexual assault in the first or second degree or a sexual assault of a child in the first, second or third degree, as such crimes are defined in the statutes referenced in section 79-267(8).

In addition, a student who engages in the following conduct on school grounds or during an educational function or event off school grounds:

(1) the knowing and intentional use of force in causing or attempting to cause personal injury to a school employee, school volunteer, or student, except if caused by accident, self-defense, or on the reasonable belief that the force used was necessary to protect some other person and the extent of force used was reasonably believed to be necessary, or

(2) The knowing and intentional possession, use, or transmission of a dangerous weapon other than a firearm. The term “dangerous weapon” includes any personal safety or security device (such as tasers, mace and pepper spray). If a student desires to carry or possess a personal safety or security device, the student must obtain prior approval from the building principal before bringing such device on school grounds. If a student obtains prior approval from the building principal, the student must store the device during the school day in the student’s locker, in the main office or in another secure location designated by the building principal. A student shall not carry a personal safety or security device during the school day.

(3) Knowingly and intentionally possessing, using, or transmitting a firearm on school grounds, in a school-owned or utilized vehicle, or during an educational function or event off school grounds, or at a school-sponsored activity or athletic event. This conduct shall result in an expulsion for one calendar year. “Firearm” means a firearm as defined in 18 U.S.C. 921, as that statute existed on January 1, 1995. That statute includes the following statement: “The term ‘firearm’ means (a) any weapon (including a starter gun) which will or is designed to or may readily be converted to expel a projectile by the action of an explosive; (b) the frame or receiver of any such weapon; (c) any firearm muffler or firearm silencer; or (d) any destructive device.” The Superintendent may modify such one year expulsion requirement on a case-by-case basis, provided that such modification is in writing.

Bringing a firearm or other dangerous weapon to school for any reason is discouraged; however, a student will not be subject to disciplinary action if the item is brought or possessed under the following conditions:

- a. Prior written permission to bring the firearm or other dangerous weapon to school is obtained from the student's teacher, building administrator and parent.
- b. The purpose of having the firearm or other dangerous weapon in school is for a legitimate educational function.
- c. A plan for its transportation into and from the school, its storage while in the school building and how it will be displayed must be developed with the prior written approval by the teacher and building administrator. Such plan shall require that such item will be in the possession of an adult staff member at all times except for such limited time as is necessary to fulfill the educational function.
- d. The firearm or other dangerous weapon shall be in an inoperable condition while it is on school grounds.
- e. For personal safety or security devices, the student abides by the requirements set forth above.

**Section 13: FIREARMS AND WEAPONS POLICY**

### **Section 6: GRADING SYSTEM**

All grades are given in percentages and recorded in official school documents. A percentage below 70 is failing and no credit is granted. Northwest's semester grading system is cumulative. The grade at the end of the 1st and 3rd quarter indicates academic progress to date. The semester grade continues from the percent earned in the 1st or 3rd quarter. Final grades for the 2nd and 4th quarters indicate a student's total achievement throughout the semester.

Passing, "P", but not graded designation may be given to a student whose honest effort is not sufficient to warrant a passing grade. Incomplete, "I", grade gives the student 2 weeks from the end of the marking period to complete necessary coursework. If a student fails to complete work within 2 weeks, his/her grade will be figured using zeros for incomplete work. A grade of incomplete may be given to a student if he or she has make-up work to do. Incompletes are only awarded after the 2<sup>nd</sup> and 4<sup>th</sup> quarters.

1. Students may declare a Pass/Fail option for one class, one semester only. Under certain circumstances, Juniors may be allowed to take the pass/fail option with administrative approval.
2. Students who utilize the pass fail option as juniors are prohibited from utilizing the pass/fail option their senior year. The pass/fail grading option only applies to weighted classes.

2. The names of students who have grades below 70% will be distributed to all teachers, coaches and sponsors on Monday morning. Those who have two or more grades below 70% are considered ineligible for extracurricular activities. The first time a student will be placed on probation for that week. Each high school student will be placed on probation only once per semester.
3. Those students determined to be ineligible for the week will not be allowed to compete, perform or represent the school in any extracurricular activity during the week of ineligibility. *A week is considered Monday through Monday.* Ineligible students will practice with their activity groups.
4. **Students who are failing a class will report for the week to that teacher during Advisement/Intervention to reconcile their failing grade. The student will first check in with their Advisement Teacher – in order for attendance to be recorded. If failing more than one class, the student will report to the class with the highest grade which appears on the eligibility list for that week. If and when the grade is rectified, the student may report back to their regular advisement teacher for the remainder of the week with the permission of both teachers, and/or, the student will report to the teacher of the next highest grade that appears on the eligibility list until that grade is rectified as well. Teachers may request that students stay after school (or make arrangements for the next day) at any time in order to provide additional assistance. Students who do not comply with these requests are subject to disciplinary action from the teacher and/or principal.**
5. The list of ineligible students will be subject to review by the principal, guidance counselor, and teachers.
6. Students may be ruled ineligible if they are not in good standing (Behavior, Attendance, Detention time not served)

Examples of this are school concerts and pep band. Any performance outside of the school or hosted by Northwest such as Conference, District or State contest, and special performances such as jazz band, show choir, marching band, and musical will still follow the weekly ineligibility list. These rules and regulations do not supersede other school policies.

## ARTICLE 9: DISTRICT, STATE AND FEDERAL PROGRAMS

### Section 1: STUDENT FEE POLICY

The Board of Education of Northwest High School has adopted the following student fees policy in accordance with the Public Elementary and Secondary Student Fee Authorization Act. The District's general policy is to provide for the free instruction in school in accordance with the Nebraska Constitution. This generally means that the District's policy is to provide free instruction for courses which are required by state law or regulation and to provide the staff, facility, equipment, and materials necessary for such instruction, without charge of fee to students.

Northwest High provides activities, programs, and services to children which extend beyond the minimum level of constitutionally required free instruction. Students and their parents have historically contributed to the District's efforts to provide such activities, programs, and services. Such student and parent contributions have included: students coming to school with the basic clothing and personal supplies to be successful in the classroom (clothing, shoes, pencils, pens, paper, notebooks, calculators, and the like), students bringing their own or paying the reasonable cost of specialized equipment or supplies for the personal preference of personal retained benefit of students (for example, band equipment, locker deposit or rental fees, shop class materials, where the student keeps the product, and college tuition or fees for college credit for advanced placement courses or correspondence courses), students providing their own specialized clothing and equipment to be prepared for the extracurricular activities in which they choose to participate (sporting apparel, including shoes, undergarments, and the like), and assisting with special programs, such as field trips, summer school, school dances and plays. The District's general policy is to continue to encourage and to require, to the extent permitted by law, such student and parent contributions to enhance the educational program provided by the District.

Under the Public Elementary and Secondary Student Fee Authorization Act, the District is required to set forth in policy its guidelines or policies for specific categories of student fees. The District does so by setting forth the following guidelines and policies; this policy is subject to further interpretation or guidance by administrative or Board regulations, which may be adopted from time to time. Parents, guardians, and students are encouraged to contact their building administration or their teachers or activity coaches and sponsors for further specifics.

#### **(1) Guidelines for clothing required for specified courses and activities**

The District will provide or make available to students such safety equipment and attire as may be required by law, specifically including appropriate industrial-quality eye protective devices for courses of instruction in vocational, technical, industrial arts, chemical or chemical physical classes which involve exposure to hot molten metals or other molten materials, milling, sawing, turning, shaping, cutting, grinding, or stamping of any solid materials, heat treatment, tempering or kiln firing of any metal or other materials, gas or electric arc welding or other forms of welding processes, repair or servicing of any vehicle, or caustic or explosive materials, or for laboratory classes involving caustic or explosive materials, hot liquids or solids, injurious radiation, or other similar hazards. Building administrators are directed to assure that such equipment is available in the appropriate classes and areas of the school buildings, teachers are directed to instruct students in the usage of such devices and to assure that students use the devices as required, and students have the responsibility to follow such instructions and use the devices as instructed.

While the District will provide students with the use of facilities, equipment, materials and supplies, including books, the students are responsible for the careful and appropriate use of such property. Students and their parents or guardian will be held responsible for damages to school property caused or aided by the student and will also be held responsible for the reasonable replacement cost of school property which is placed in the care of and lost by the student. Where students are provided school property of a significant value which may easily be unintentionally damaged, the policy should give the parent advance notice of the student being given responsibility for the item and the parent may then direct that the student not be given the item.

#### **(3) Materials required for course projects**

Students have the responsibility to furnish or pay the reasonable cost of any materials required for course projects where, upon completion, the project becomes the property of the student. - of personal information collected from students for the purpose of marketing or for selling that information);
- 2. Surveys of students involving one or more matters deemed to be sensitive in accordance with the law and this policy; and
- 3. Any non-emergency, invasive physical examination or screening that is required as a condition of attendance; administered by the school and scheduled by the school in advance; and not necessary to protect the immediate health and safety of the student or of other students.

(Note: the general practice of the District is to not engage in physical examinations or screenings which require advance notice, for the reason that the physical examinations or screenings to be conducted by the District will usually fit into one of the following exceptions to the advance notice requirement and parent opt-out right: (1) hearing, vision, or scoliosis screenings; (2) physical examinations or screenings that are permitted or required by an applicable State law, and (3) surveys administered to students in accordance with the Individuals with Disabilities Education Act).

Parents shall be offered an opportunity in advance to opt their child out of participation in any of the afore listed activities. In the case of a student of an appropriate age (that is, a student who has reached the age of 18, or a legally emancipated student), the notice and opt-out right shall belong to the student.

#### I. Definition of Surveys of Matters Deemed to be Sensitive

Any survey containing one or more of the following matters shall be deemed to be “sensitive”: for purposes of this policy:

- 1. political affiliations or beliefs of the student or the student’s parent;

- 3. sex behaviour or attitudes;
- 4. illegal, antisocial, self-incriminating or demeaning behaviour;
- 5. critical appraisals of other individuals with whom the student has close family relationships;
- 6. legally recognized privileged or analogous relationships, such as those of lawyers, physicians, and ministers; or

### **Section 11: HOMELESS STUDENTS POLICY**

#### Homeless Children

Homeless children for purposes of this Policy generally include children who lack a fixed, regular, and adequate nighttime residence, as further defined by applicable federal and state law.

#### No Stigmatization or Segregation of Homeless Students

It is the District’s policy and practice to ensure that homeless children are not stigmatized or desegregated by the District on the basis of their status as homeless.

#### Homeless Coordinator

The Superintendent shall serve as the District’s designated Homeless Coordinator. The Homeless Coordinator shall serve as the school liaison for homeless children and youth and shall ensure that - (i) homeless children are identified by school personnel; (ii) homeless children enroll in, and have a full and equal opportunity to succeed in, school; (iii) homeless children and their families receive educational service for why they are eligible and referrals to health, dental, and mental health services and other appropriate services; (iv) the parents or guardians of homeless children are informed of the educational and related opportunities available to their children and provided with meaningful opportunities to participate in the education of their children; (v) public notice of the educational rights of homeless children is disseminated where such children receive services under the federal homeless children laws, such as schools, family shelters, and soup kitchens; (vi) enrollment disputes are mediated in accordance with law; and (vii) the parents or guardians of homeless children, and any unaccompanied youth, are fully informed of transportation services available under law. The Homeless Coordinator shall coordinate with State coordinators and community and school personnel responsible for the provisions of education and related services to homeless children. The Homeless Coordinator may designate duties hereunder as the Homeless Coordinator determines to be appropriate.

#### Enrollment of and Services to Homeless Children

A homeless child shall be enrolled in compliance with law and be provided services comparable to services offered to other students in the school in which the homeless child has been placed.

Placement of a homeless child is determined based on the child’s “school of origin” and the “best interests” of the child. The “school of origin” means the school that the child attended when permanently housed or the school in which the child was last enrolled. Placement decisions shall be made according to the District’s determination of the child’s best interests, and shall be at either (i) the child’s school of origin for the duration of the child’s homelessness (or, if the child becomes permanently housed during the school year, for the remainder of that school year) or (ii) the school of the attendance area where the child is actually living. To the extent feasible, the placement shall be in the school of origin, except when such is contrary to the wishes of the homeless child’s parent or legal guardian. If the placement is not in the school of origin or a school requested by the homeless child’s parent or legal guardian, the District shall provide a written explanation of the placement decision and a statement of appeal rights to the parent or guardian. If the homeless child is an unaccompanied youth, the Homeless Coordinator shall assist in the placement decision, consider the views of the unaccompanied youth, and provide the unaccompanied youth with notice of the right to appeal. In the event of an enrollment dispute, the placement shall be at the school in which enrollment is sought, pending resolution of the dispute in accordance with the dispute resolution process.

The homeless child shall be immediately enrolled in the school in which the District has determined to place the child, even if the child is unable to produce records normally required for enrollment, such as previous academic records, medical records, proof of residency, or other documentation. The District shall immediately contact the school last attended by the homeless child to obtain relevant academic and other records. If the homeless child needs to obtain immunizations or medical records, the District shall immediately refer the parent or guardian of the homeless child to the Homeless Coordinator, who shall assist in obtaining necessary immunizations or medical records.

The District may nonetheless require the parent or guardian of the homeless child to submit contact information.

Transportation will be provided to homeless students, to the extent required by law and comparable to that provided to students who are not homeless, upon request of the parent or guardian of the homeless child, or by the Homeless Coordinator in the case of an unaccompanied youth, as follows: (i) if the homeless child's school of origin is in the Northwest High School District, and the homeless child continues to live in the Northwest High School District, transportation to and from the school or origin shall be provided by the Northwest High School District; and (ii) if the homeless child lives in a school other than the Northwest High School District, but continues to attend the Northwest High School District based on it being the school of origin, the new school and the Northwest High School District shall agree upon a method to apportion the responsibility and costs for providing the child with transportation to and from the school of origin, and if they are unable to agree, the responsibility and cost for transportation shall be shared equally.

School District based on it being the school of origin, the new school and the Northwest High School District shall agree upon a method to apportion the responsibility and costs for providing the child with transportation to and from the school of origin, and if they are unable to agree, the responsibility and cost for transportation shall be shared equally.

- B.
